Offering the World's Most Authentic Native American Spa Services

Aji, meaning “Sanctuary” in the Pima language, is appropriately named after the nearby Aji Mountain located on the Gila River Indian Community where women and children would go in times of war. Aji Mountain is still one of the Community’s most sacred treasures and fittingly, Aji Spa is where sacred Pima and Maricopa traditions are practiced and shared.

Offering the only authentic Native American spa menu in existence, the Indigenous Collection features treatments and activities designed and practiced by Aji’s Pima and Maricopa Cultural Caretakers. The ancient Pima and Maricopa cultures are also showcased throughout the spa in design elements, artwork, architecture and shared legends.

The Indigenous Collection

A journey of sacred doctrines, the signature Indigenous Collection was developed by Aji’s Pima and Maricopa Cultural Caretakers and is the only authentic Native American spa menu in existence.

*Denotes treatment is provided by Pima or Maricopa Cultural Caretaker with limited availability.

*THOACHTA (“Healing” by Belen Stoneman)

Embark on a healing journey of body, mind and spirit during this one-of-a-kind treatment that combines traditional massage, polarity and ancient Pima healing doctrines. Begin with a brief sharing consultation, then relax and allow your body to guide Belen’s healing hands. Belen completes the experience by sharing what your body and spirit have communicated.

*PIMA MEDICINE MASSAGE

A Therapeutic massage that incorporates energy anatomy and ancient techniques passed down for generations from Pima Medicine Healers, designed for ultimate relaxation with traces of spiritual healing.

VACHK (The Pond - Indigenous Water Treatment)

Water has been seen as the “life-blood” for the Pima and Maricopa People. The pond was built in the style of the “Olas Ki” (roundhouse). During this treatment, the water will allow for movements that are not possible on a traditional massage table. Gentle rocking will loosen your spine while rhythmic movement, massage, and stretching will relax your muscles and increase your flexibility. A comfortable bathing suit is required.

HO’ISHP (ha ish - Sacred Prickly Pear Body Treatment)

This signature journey begins in our therapeutic steam capsule with an application of Sacred Prickly Pear Red Clay. The unique combination of steam and nourishing anti-

oxidants will help to detoxify the body and tone the skin. The treatment continues with a revitalizing 50-minute full body massage with Prickly Pear & Aloe Oil to rehydrate the skin. This beneficial moisture is sealed in with a final application of Aloe and Prickly Pear gel to leave the skin feeling silky smooth. Your experience concludes with a soothing cup of Prickly Pear Tea.

*ONGAM HOBIN (Sacred Salt Wrap)

Feel the effects of the magical pilgrimage of the Sacred Salt Journey. You will feel the clearing of the mind and heart, your body will be purified while relaxing in the steam capsule.

*NAHTOGIG (Four Directions)

Inspired by the beautiful Creation Story mosaic that welcomes guests as they arrive at Aji, this treatment uses local Indigenous ingredients to represent the elements of sunset, illumination, sandstorm and water. Pomegranate, Salt, Honey and Blue Cornmeal are combined to create a beautiful body treatment that exfoliates and nourishes the skin. In closing, guests are presented with a copy of the Creation Story and a soothing warm honey pomegranate beverage.

*KIOHO (Burden Basket Meditation)

Historically, Burden Baskets were used by Pima women as carrying baskets to “bear all burdens.” They would carry loads of more than 100 pounds; if they had a baby they would carry the baby in its cradle as well as the basket. Leave your “burdens in a basket” by working one-on-one with our meditation instructor to learn techniques for stress reduction, visualization and connection with your inner-being. The session will include a private consultation and meditation session, including visualization and energy balance.

Commonly Asked Questions

Is there an age restriction at the spa?

Aji is an adult environment of tranquility and relaxation. Therefore, children under the age of 16 are not permitted in the spa or fitness facilities. Young adults between the ages of 16 and 18 may schedule a spa treatment with a parent or guardian present during the treatment (skincare, companion or salon treatments only).

What time should I arrive for my spa appointment?

We invite you to use the spa and fitness facilities for the entire day of your spa and/or salon treatments. However, we recommend that you arrive at least 30-minutes prior to your first scheduled spa appointment to check in, shower and prepare for your treatment. We recommend that you arrive 5-10 minutes prior to your first scheduled salon appointment.

What happens if I arrive late for my spa/salon appointment?

As a courtesy to the next guest, your treatment will end on time, regardless of the start time. Arriving late will simply limit the time for your treatment, lessening its effectiveness and your pleasure. The full value of your treatment will be applied.

What happens if I am unable to keep my spa/salon appointment?

If you cannot keep your spa appointment, a 4-hour change or cancellation notice is required to avoid cancellation fees. All no-show appointments will be charged in full. Group reservations are subject to contractual agreement.

What do I need to bring with me?

We provide you with a locker room full of vanity amenities, including a robe and sandals for you to wear while you are at the spa. For the treatment, you will disrobe to your comfort level; the only area of the body that is not completely draped is the area being worked on. Bathing suits are required for all hydrotherapy treatments, proper fitness attire (workout shoes, shorts and shirts) is required in the fitness center and motion studio and proper tennis attire (tennis shoes, shorts/tennis skirt and shirts) is required on the tennis courts. Neither bathing suits nor open-toed shoes are appropriate attire in the fitness center and motion studio.

What should I leave at home?

Aji is a sanctuary for tranquility, health and relaxation. Therefore, we ask that you do not bring cell phones or pagers in the spa. Smoking and alcohol are not recommended before or after a treatment. Although we provide a locker for you to safeguard your clothing and personal items, we strongly recommend that you do not bring jewelry or valuables to the spa.

Can you explain your pricing structure to me?

Pricing varies based upon day of the week and volume of business.
